

This is our plan to achieve the award for St Catharine's and St Dominic's

Actions to live simply

Reduction in Meat and Dairy consumption – Can we all have at least one meat and dairy free day a week?

Creation Celebration We will arrange this during the Season of Creation in September.

Pray for the environment in the Bidding prayers each Sunday and using the prayer on this card

Parish Creation walk. We will arrange a Creation walk in and around Frome.

Actions to live sustainably with creation

One tree planted for every parishioner household. A big project that may involve fundraising to help parishioners buy trees as well places to plant them.

Parish gardens for growing vegetables. Using parishioners' donated garden space. We could link up with the Sustainable Frome 'Frome Garden Share' project.

Church and hall energy audit and monitoring also ensure recycling is being done in the Church Hall and arrange to get a bike rack installed.

LiveSimply resource package on our parish website with a list of local green and sustainable initiatives and practical guidelines on how to Live Simply, sustainably and in solidarity with the Poor

Actions to live in solidarity with the poor

Strengthen our Collaboration with Fair Frome Donations in the church porch

Improve our support for Premananda Cards for Sale in Hall and sponsoring a child

Improve our support for Cafod and Caritas

We are open to any ideas and support you may have to offer. We are a small team of 5 people so would welcome any new members.
